There are a lot of burial mounds and shell mounds on the island, that shows this island is prosperous since ancient times. A pot which has been made in the 7th century was unearthed from Ganiana Burial Mound became an Important Cultural Property.

## THE PIRATE GENERAL

**Yoshitaka KUKI** was a general who had a strong navy in the 15th Century. After the Western Camp which Yoshitaka has joined in was defeated the battle of Sekigahara (1600), he performed Seppuku in Dousen-an Temple in Wagu. His body was buried near the temple, and his head is said to be buried on the top of Tsukuda Hill overlooking Toba Castle which was his erst while residence, as his will.

After Yoshitaka's death, his vassal washed the sword in a pond. Now it's called the Washing Blood Pond "Chi-Arai-Ike".

## TOUSHI-JIMA island

Area : 6.98 km<sup>2</sup>

Coast line : 26,300m

Population : 2,133 (2017)
